PROJECTS

AI-Code-Lab

[Link](#)

An advanced competitive programming platform enhanced with AI-driven features.

- Developed a robust online coding environment with multi-language support, real-time code execution, and custom test case handling.
- Integrated an AI-powered tutor that offers context-aware hints, code suggestions, and detailed problem explanations to enhance learning efficiency.
- Implemented streak tracking, user progress analytics, and a competitive contest module with leaderboards to promote daily practice and healthy competition.

POSITION OF RESPONSIBILITY

Training & Placement Cell Coordinator, CSE Department:

Aug 2024 – May 2025

- Coordinated and managed multiple campus placement drives, technical workshops, seminars, and industry interaction events, ensuring smooth communication between recruiters and students.
- Collaborated with companies for recruitment processes, handled logistics, and maintained student placement records and feedback mechanisms.
- Led the planning and execution of pre-placement training, resume reviews, and soft-skill development sessions to enhance student employability.

Management Convener, Student Council:

Aug 2023 – May 2024

- Led the organization and execution of various college events, including the Annual Cultural Fest, managing logistics, planning, and cross-functional coordination.
- Oversaw a diverse team, driving event strategy, budgeting, and execution, ensuring high participation and smooth delivery.
